

The Thai Veterinary Medical Association under the Royal Patronage (TVMA), established in 1948, is a not for profit and non-governmental organization of the veterinary. The association main missions are to promote unity and ethics of veterinary practitioners, improvements and upgrading of veterinary practice and profession by providing high quality Continuing Veterinary Education Program, and to promote animal welfare. TVMA has been served our members throughout 60 years with commitments to develop veterinary professions, code of ethics and quality of services, enhance veterinary academic for industry and general public, cooperation among members and related association linkages. This year 2008 we are celebrating the TVMA 60th anniversary of establishment for the solidarity of ethics, professional science education, research and national development together with the 15th FAVA 2008 Congress, another biggest international veterinary conference in Asia-Pacific region.

Post Graduate Foundation in Veterinary Science Mahidol University PGF-VSMU

The PGF-VSMU is a not-for-profit organization founded to provide the veterinary continuing education for Thai veterinarians with the aims to improve and enhance the quality of Thai veterinarians to international profession standard. The PGF-VSMU committee comprises of the experts who have devoted their lives and profession in veterinary practices for long time and have committed themselves to the improvement of veterinary science and practices. This will consequently help improve the better welfare for all animals in the society. The PGF-VSMU is formed as the foundation so PGF-VSMU will not enroll any foundation's membership. The proceeds will basically derived from other activities such as memberships of the PGF-VSMU Journal, Website, donation and registration of PGF-VSMU seminars, workshops and conferences. Thus, PGF-VSMU will commit itself to develop people to their maximum potential, working at the highest level of integrity and communicating without boundaries, resulting in high quality in veterinary education with equity to all levels.
